Profile

Full-Stack Developer with over 5 years of experience building cloud-native applications using **TypeScript**, **Node.js**, **React**, and **Python (FastAPI)**. Skilled in developing scalable microservices, RESTful APIs, and modern web architectures. Certified in **Kubernetes** and **Google Cloud**, with expertise in CI/CD, DevOps, and Agile methodologies. Passionate about delivering innovative solutions and collaborating in dynamic teams.

Technical Skills

Languages: JavaScript, TypeScript, Python, Java, SQL

Frameworks: Node.js, React, FastAPI, Pydantic, SQLAlchemy

Cloud & DevOps: Google Cloud, Azure, **Kubernetes**, Docker, CI/CD

Databases: PostgreSQL, MongoDB, MSSQL

Tools: Git, Apache NiFi, MuleSoft

Professional Experience

Dell Technologies

Bratislava, Slovakia

Software Engineer

Jun 2024–Present

- Built high-performance microservices with **FastAPI**, **Pydantic**, and **SQLAlchemy**, improving API response times by 30%.
- Managed **PostgreSQL** databases for scalable cloud-native applications.
- Collaborated in Agile sprints, integrating UX designs and conducting code reviews.

Deutsche Telekom Cloud Services

Bratislava, Slovakia

Software Engineer

Jan 2023–May 2024

- Developed cloud-native applications using **TypeScript**, **Node.js**, and **React**, enhancing scalability.
- Implemented secure RBAC with **Keycloak** and **Open Policy Agent**.
- Automated deployments with **Docker**, **Kubernetes**, and CI/CD pipelines.

IBM

Bratislava, Slovakia

Application Developer

May 2021–Jul 2022

- Refactored legacy systems into **Python** and **Spring Boot** microservices.
- Built RESTful APIs with **MongoDB**, supporting scalable enterprise applications.

Education

2016–2018: M.Sc. Computer Science, University of Szeged, Hungary

2009–2013: B.Sc. Computer Science, University of Calabar, Nigeria

Certifications

2023: Google Cloud Associate Cloud Engineer

2022: Certified Kubernetes Administrator (CKA)
